

PRODUCT

# ColourBack™

Coloured glass – for bright and beautiful spaces

**Whether you want to make a bold style statement, or simply complement your design with a touch of colour – look no further than the ColourBack™ range.**

**ColourBack™ is easy to fit, ultra durable and requires minimal maintenance. The range is ideal for kitchen splashbacks, wall features, wardrobe doors and more.**

ColourBack™ is a range of decorative glass panels using a 2-pack glass painting system.

Orders are custom processed, toughened and painted in the one location, to provide an efficient and timely result. Choose from a contemporary palette of 20 standard colours- all of them in stock to ensure shorter lead times- or give yourself total creative freedom by using our custom matching service to create the exact colour characteristics your design vision demands.

## Considerations

Virtually any colour can be matched using **ColourBack™**.

The natural green tone of standard **VFloat™** can affect light colours and can be minimised by specifying **SuperClear™** low iron glass.

The painted side must be glazed to the interior of the building.

**ColourBack™** must be selected, manufactured and glazed in accordance with relevant standards and Viridian processing guidelines for toughened glass. Recommendations on heat soak treatment apply.

This product is not suitable for external wall panels or spandrels. For these applications consider **Seraphic™**.

## Features and Benefits

- **ColourBack™** Standard colours are held in stock, for short manufacturing times.
- **ColourBack™** Custom colours provides design freedom with infinite colour options.
- Glazing uses standard fittings, framing and neutral cure sealants.
- Once toughened or laminated to the relevant standard **ColourBack™** is a Grade A safety glass (AS/NZ2208).

## Applications

- Splashback
- Internal wall cladding
- Bathroom wall cladding
- Wardrobe doors
- Furniture

## Maximum Size

- 3600mm x 1800mm
