

DESIGNER

DécorMirror Safe™

Vinyl backed mirror

DécorMirror Safe™ is backed with a smooth vinyl film, making it the safer choice compared to standard mirrors.

By combining the quality of DécorMirror™ with added safety benefits, DécorMirror Safe™ reflects light and creates the illusion of space with the peace of mind of added security.

Backed with a smooth, permanently adhered vinyl back film, DécorMirror Safe™ is ideally suited for wardrobe doors and full height mirrors.

Features and Benefits

- High light reflection.
- DécorMirror Safe™ is a Grade A safety product.

Considerations

Processing

- DecorMirror Safe™ cannot be toughened, which may not be suitable for some applications.

Installation

- Adhesive used must be checked with the manufacturer for compatibility with DécorMirror Safe™ vinyl. It is recommended that the adhesive only be applied in vertical strips.
- Silicones used must be a minimum of neutral cure, non-acetic.
- Some cleaning solutions can damage the mirror coating, refer to Glass Cleaning Guide.

Sectors

- Residential
- Commercial

Applications

- Bathrooms
- Wardrobes
- Interior Wall Panels
